THREE HUNDRED AT KIWANIS MEET

A gathering of the utmost importance to Redwood City, especially to its business men was that held by the Kiwanis Club last Saturday evening in the Masonic hall here, when the local club received its charter. The meeting was attended by about three hundred, including visitors from all parts of the state. Six visitors came from Los Angeles, others from Lankershim, Van Nuys, and other points in southern California. A large delegation was present from San Francisco, from San Jose, Los Gatos, and other towns in this vicinity.

The hall was beautifully decorated, and the banquet room with its long tables of shining dishes, sweet scented bouquets and flaming candles made a fitting setting for the spread which was enjoyed in the early part of the evening.

Charles Lambert acted as toastmaster and called on the various visitors, clubs and officers for remarks. The meeting began by the singing of "America," and a prayer of invocation by Rev. R. J. Curdie. The address of welcome was made by Superintendent of Schools Roy W. Cloud.

The names of the clubs of the state were called in order and each of the clubs having a delegation present answered by a short talk, song, or some stunt. Some of the songs were made for the occasion and furnished a great deal of amusement with their comic words.

Following a short talk by George Filmer of San Francisco, who was in large measure responsible for the formation of the local club, the officers of the club and of this district were introduced in turn by the toastmaster.

Musical numbers were rendered by Prof. Otis M. Carrington and by Father Kennedy's orcrestra and were followed by the presentation of the charter by District Governor A. Heber Winder. The charter was received by the local club by President Elmore B. Hinman. Frank Kean, J. Kisteman and other officers of the club delivered addresses, and the banquet was concluded by the singing of the "Star Spangled Banner." Following the banquet several hours of dancing were enjoyed in the lodge hall.

FORMER SAN MATEO MAN RESIGNS GOVERNMENT

Assistant United States District Attorney Kenneth Green, who for the past three years has been employed in the prosecution of the violators of the Volsted act, resigned his position this week. Green is well known here and in all parts of San Mateo county. He at one time made an unsuccessful candidacy for district attorney of this county, and was defeated by the present district attorney, Franklin K. Swart. Green is expected to open offices in the Humboldt Bank building in San Francisco and will engage in private practice.

PETITION FILED IN LUND ESTATE

The petition for letters of administration on the estate of Julia Lund, late of San Bruno was filed yesterday by Jas. T. O'Keefe, attorney for the estate. The property consists of real estate at San Bruno worth about $5,000. Mrs. Lund was the widow of the late August Lund, a prominent citizen of that place for many years. She died in San Francisco and lived only a year after the demise of her husband. They both lived at Menlo Park many years ago and from there moved to San Bruno, where they have resided ever since.

Mrs. R. S. Dodge was the guest of honor at a birthday dinner given Sunday night at the home of her sister-in-law, Miss Clarissa Dodge on Vera avenue. Mrs. Dodge was the recipient of many lovely gifts including a floor lamp. On Saturday night, Mrs. Dodge in turn, gave a birthday dinner for her mother, Mrs. M. Harlowe and on Sunday a large dinner was given in Oakland by relatives for both mother and daughter.

World Flyers Pass Over City

Pioneers of world flying, the three government planes, piloted by Lieutenants Smith ,Wade and Nelson passed over Redwood City Thursday afternoon at 2:45 after having completed the first flight around the world. After months of hardship and danger the three giant planes swept overhead as easily as though the flight were nothing and were only discernable from the large number of planes which escorted them by their color.

The sighting of the planes was the signal for the whistles of the town to open up, and while they were passing the tribute given them had the earmarks of an old-time New Year's celebration. Everyone was on the street and every eye was turned upward as the squadron swept by overhead.

As the planes passed over this city, word was sent to San Francisco, and was the signal for the metropolis to begin its welcome of the heroes of the air. The demonstration given in the city has seldom been equaled and has never been surpassed. The whistles and sirenes of the of the whole city joined in the welcome to the men who first circled the world in the air.

NEW PLUMBING FIRM STARTS IN REDWOOD

J. Adams and A. Gonfiotti of San Francisco have decided to locate a plumbing supply business in Redwood City after looking into business conditions in various parts of the state. These two men have leased a portion of the building of the M. & S. Tile and Mantle Company and will engage in a wholesale and retail plumbing supplies business. They consider this is one of the fastest growing cities of the state and have shown their confidence in Redwood's future by locating here.

BIG GAME SCHEDULED AT SEQUOIA TODAY

One of the most exciting football games of the season is expected for Sequoia this afternoon, when the local lads will match their skill with the boys from Lick School in San Francisco. The game will take place on the new foot ball field of the school here and is expected to attract a large attendance.

The local team has been practicing hard for this struggle and is in high hopes of carying off a victory against an admittedly hard adversary. The local line-up is as follows:

Center, Lee Arnold; right guard, Bob Poole; left guard, "Red" Nixon; left tackle, Ralph Woodhams; right tackle, Fred Ruling; left end, Colley Cofieri; right end, Sam Brown; quarter back, Dan Foley; left half, Truman Mettler; right half, "Hawk" Hearm; full back, "Frenchie" Terrimer.

KIWANIS CLUB HEARS SOCIAL SERVICE TALK

The Redwood City Kiwanis Club met for their regular Tuesday noon meeting under the chairmanship of Rev. Father Kennedy. Almost the entire membership of the club was present and the meeting proved a most entertaining one. The main speaker was Miss Florence Boggs, secretary of the county social service commission.

Miss Boggs told how the commission had been functioning in this county, and of the work it was doing in relieving distress. She also explained the maintainance of the free county clinic.

A committee was appointed by President Elmore B. Hinman to assist in the cooperation of the club with the social service commission. This committee consists of B. E. Myers, Rev. Father Kennedy and Henry Klee.

Ross and Ted Cummings of Oakland are visitors at the Dr. N. C. Cummings home on King street. Sunday they were the guests of honor at a picnic on Tunitas Beach, the company including Mr. and Mrs. M. S. Cooper, Mr. and Mrs. F. K. Towne, Mr. and Mrs. Donald Derry, Dr. and Mrs. N. C. Cummings and family.

COUPLE WED FIFTY YEARS IN STATE

Journeying along the road of wedbliss and happiness for fifty years, D. K. Frasier, San Francisco builder, and his wife; formerly Miss Mattie A. Montgomery, will celebrate their golden wedding anniversary, September 30, at their home, 1127 Brewster avenue, Redwood City.

Like a page from one of the love stories of old, reads the romance of the Frasiers, both of whom came to California during the stirring days of the late sixties. Mrs. Frasier came from Iowa, while her husband hailed from New York. It was July 28, 1874, that Frasier met the charming Iowan, while visiting Salinas, and two months later they were man and wife. They were married at the First U. P. church, Salinas, by the Rev. George McCormick.

They had four sons, of whom three are living, Leroy D. of San Francisco; Emory M. of Los Angeles and Darrell L. Frasier of Chicago, all of whom together with the latter's wife and their three children will be present at the golden wedding.

FIRST TRAINED ACTOR TO APPEAR ON SCREEN PLAYS IN "THE FEMALE"

The first trained actor who ever worked in motion pictures plays a strong supporting role in "The Female," the Sam Wood production starring Betty Compson, which opens next Wednesday and Thursday at the Sequoia Theatre.

He is Paul Nicholson, distinguished son of the late music and dramatic critic of the New York World. He plays the part of the lawyer in "The Female."

Nichlson's conection with motion pictures dates back to 1897 when the late Wallace McCutcheon, then managing director of the American Biograph and Mutascope Company, equipped a studio in New York City. It was the first in the country to photograph stories, episodes and scenarios.

The completed pictures only ran five minutes, but they were a success from the start, and were the forerunners of the present-day elaborate screen productions.

After the venture had become established, a reporter for a New York daily interviewed McCutcheon, asking among other things, "Who was the first film actor?" This was McCutcheon's answer, copied from the files of the newspaper of the time:

"As far I know, Paul Nicholson was the only one employed in the studio who had any previous experience. He had worked on the stage. Most of the others were artists' models."

Nicholson has done only occasional motion pictures, although he has a distinguished stage career. He is well known on the Eastern stage and in vaudeville with his wife, professionally known as "Miss Norton."

Warner Baxter and Noah Beery have the principal roles in supoprt of the star in "The Female," an adaption of Cynthia Stockley's popular magazine story, "Dalla, the Lion Cub." Agnes Christine Johnston wrote the scenario.

Film fans, you who have dreamed of some day leaving your home towns and visiting that mysterious and sinister stretch of land, the African veldt, go down to the Sequoia Theatre and you will be able to realize life-long ambition without stirring from your seats!

If you are going to help run the country you musn't be too tired to walk to the polls.

One way to keep a good mental balance is to have a good bank balance.

MRS. KNEESE ELECTED TO HIGH REPUBLICAN OFFICE

Mrs. Elizabeth M. Kneese, county clerk of this county, was elected last Saturday to the position of second vice-president of the state central committee of the Republican party. The election of Mrs. Kneese was unanimous. The position of vice president is a high honor, and the mark of the confidence felt by the Republican leaders in Mrs. Kneese's ability. This is the first time that a woman has been thus honored. Other officers of the Republican state organization are Charles E. Neumiller of Stockton, president; and Alfred Bartlett of Los Angeles, first vice-president.

PROPERTY MAN "MASTER-MIND" ACCORDING TO POLA'S DIRECTOR

"The property man, as he appears in Hollywood studios, is one of the most amazing developments of the American motion picture industry," says Dimitri Buchawetzki.

Brought to America for the purpose of directing Pola Negri in the Paramount production, "Men" and "Lily of the Dust," Dimitri Buchowetzki experienced his first taste of American motion picture methods when he began work in the Hollywood studio.

"The 'prop' man in America has a brain which seems to be at once a camera film and blank gramophone disc. Everything he sees is permanently photographed and what he hears is recorded for future use," declares Buchowetzki.

One of the incidents which Buchowetzki relates in support of his admiration for the studio property men occurred in filming " Lily of the Dust," in which Ben Lyon, Noah Beery and Raymond Griffith head the cast suporting Pola Nergi.

A scene was filmed in which Ben Lyon climbed a hotel stairway. The scene showing him in the corridor above was not taken until two weeks later.

"Mr Lyon had an unlighted cigarette in his left hand," declared the property man attached to the Buchowetzki unit.

"I have learned to place so much confidence in the property man's memory that I did not even question his statement," says Mr. Buchowetzki. "When we looked at the shots taken two weeks before, we saw Mr. Lyon with the cigarette in his left hand, just as the property man stated."

"Lily of the Dust," with Noah Beery and Raymond Griffith appearing with Lyon in Miss Negri's support, will be the feature Monday and Tuesday at the Sequoia theatre.

S. F. MASONS VISIT REDWOOD CITY LODGE

About two hundred Masons gathered at a special meeting last Tuesday evening in the Masonic temple here, the occasion being a visit from the members and officers of Amity lodge of San Francisco. The visitors brought their own entertainment with them and gave the local Masons an hour of diversion with their unusual talent.

One of the features of the performance was a number of selections by Bob Donaldson, champion concertina player of the Pacific Coast. These selections ranged in style from the most lofty sacred music to the modern jazz and each was performed in a style entirely suited to the particular type of music.

Other numbers on the varied program consisted of Scotch songs, bagpipe airs, a ballet chorous, composed of the members of the lodge and a burlesque show. The company was headed by Paul Pfluger, master of Amity lodge.

Visiting officers conducted the confering of the third degree of Masonry, in which James O. Wallace of this city was the candidate. Following the conclusion of the ceremonies of this degree light refreshments were served in the banquet room.

SAN MATEO COUNTY EPWORTH LEAGUE REREAT By Maude Stilleson

King's mountain rang with the echoes of happy laughter and song for three days, September 19, 20 and 21st, when the San Mateo County Epworth League Alliance Leaguers gathered together under the towering redwoods to talk over league problems and make plans for the year's work.

Early Saturday morning, the Leaguers enjoyed a lovely morning Watch service led by Jim McGiffin, field secretary. Breakfast over, dishes done and wood gathered, everyone went on a short hike. After lunch, many more Leaguers, including Mr. and Mrs. Harry Hollidge and son; Miss Blanche Bowers, Harold Baldwin and Walter Sandholt, arrived and late in the afternoon attended department discussion groups.

The First department group was handled by Miss Lucy Hall of San Mateo, San Francisco district first vice-president; Madeline Tillman, 2nd vice president of the Santa Clara County Alliance, led the discussion on Second department work; Miss Bernice Stephens, member of the Alliance, district and conference cabinets, had charge of the Third department group; and Harold Baldwin met with those interested in Fourth department work, giving many ideas and suggestions for socials and recreation in the League. Walter Sandholt, former California Conference president, talked to a group of League presidents, secretaries and treasurers, outlinging their work and giving several plans for carrying on the work.

Saturday evening, an interesting debate on "Resolved that fat people make better Leaguers than thin ones," was listened to, Harry Hollidge and Blanche Bowers upholding the affirmative, and Jim McGiffin and Bernice Stephens putting forth their arguments against. Walter Sandholt and Blanche Bowers each gave a short talk on Leaguers and what they might do, and after singing a few favorite songs the group broke up.

Morning watch and breakfast over on Sunday morning, Harold Baldwin led the discussion of League problems, from which the "other fellow's" problems and how they were solved were learned. At ten o'clock there were classes on "Personal Evangelism,' handled by Walter Sandholt, Prayer by Blanche Bowers, and "The Challenge of Daily Living" by Harry Hollidge. At eleven o'clock Jim McGiffin took crarge of a service for worship, which was attended by all the Leaguers of the Retreat.

After dinner a banner was awarded to the San Bruno delegation for the largest percentage attendance for the three days.

Bernice Stephens, Lucy Hall, Arthur Fare, Herbert and Gladys Beckner were laregly responsible for the success of the retreat. Mura Stillerson, president of the Alliance, thanks all who helped to make the week end a success.

COUNTY P.-T. ASSOCIATION HOLDS MEETING IN SAN MATEO

The San Mateo County Parent-Teacher Association Institute took place last Friday at the Central school in San Mateo, with a record breaking attendance. Speakers from the district and county federations presented a most interesting account of the many P.-T. A activities in all parts of the state and were assisted in the discussions by the chairmen of different sections.

JUDGE BIRD OF SAN MATEO HAVING EYE TROUBLE

According to word received by friends of Justice of the Peace Walter M. Bird of San Mateo, who is now on a trip to New Orleans, the judge is suffering an attack of eye straain. It is reported that Judge Bird is unable to read, and that Mrs. Bird has to do all of his reading for him. The eye trouble is said to be the result of overstrain in connection with his work in the San Mateo Burlingame Exchange Club.

The ladies of St. Mary's Guild of the Episcopal church will hold a rummage sale today at the Dumbarton Bridge Market at Five Points.

Cement Plant Starts Working

The work of manufacturing cement from shells and mud has actually been started at the local cement plant, according to information received this week. After the two weeks of experimentation necessary to get the machinery operating right and to get the proportions adjusted, the first actual run of the plant was begun early this week.

The product now being produced bids fair to result in as high a quality cement as can be manufactured. From now on the cement plant will be in constant operation. The kilns used in the manufacture of cement must be kept going all the time to prevent the clay lining from cooling and falling out, which entails heavy expense of relining.

The local plant of the Pacific Portland Cement Company has been called the most modern example of cement equipment in America. The in only one of several plants operated by the company, which began with one plant in Solano county in 1901. New features have been placed in this plant which have never been tried in ay other cement factory. One of these is a series of flues which catch and retain all dust. This prevents the clouds of dust being scattered broadcast, which so often are present in a town having a cement plant.

OLD RESIDENT GOES TO HER REWARD

ORCHESTRA INSTRUCTION PROGRESSING IN SCHOOLS

The musical talent of the community is being encouraged among the younger generation by the instruction in orchestral music being given this term in the high school and in the intermediate school. This instruction is being given by C. E. Gaylord, who spends a portion of his time with each institution.

There have been 50 students of the highschool enrolled in the orchestral music class and 70 in the intermediate school. A 28-piece orchestra is already furnishing music for the high school affairs, and plans are being made now for the formation of a band.

The greatest difficulty met by Mr. Gaylord has been the shortage of instruments. There are not enough instruments of various kinds for the needs of the classes, and he will be glad to get in touch with anyone who has instruments that they will sell, rent, loan or give to the schools. Any type of musical instrument will be appreciated, he stated this week.

LA FOLLETTE MEETING HELD THURSDAY NIGHT

A number of local residents gathered at the high school auditorium last Thursday evening to hear the address of Rudolph Spreckels, who is campaigning for the presidential candidacy of Senator R. M. La Follette. Spreckels spoke under the auspices of the Redwood City La Follette Club, an organization formed to aid the campaign of the Wisconsin senator here.

The club was formed several weeks ago and has been active from the beginning. The officers of the club are E. H. Buckley, chairman; Fred Jensen, secretary; John Harkness, treasurer; J. J. Reynolds, chairman of the executive committee. The club claims to have a membership of 500.

TO BOYS AND GIRLS—MEN AND WOMEN

WE saw our local high school boys trim a San Francisco team last Friday to the sweet sounding tune of 20 to 3. It was a good clean game of football. How the youngsters chortled in glee, as the breaks came their way! We caught the enthusiasm and shouted ourselves hoarse.

Youth and strength and vigor are wonderful. If we could only carry into our studies—into our contact with others; into our business relations—the energy that we put into a game wouldn't we be successful in every undertaking.

Boys and girls of Sequoia, you are living in a marvelous time. You should be glad that life holds out so much of beauty and strength and happiness for you. We would make a wish for you—that you might be satisfied with your possessions, but not contented with yourselves until you had made the most of your opportunities. We wish you strength of body that you may develop strength of character. We wish you physical fitness that you may mould within yourselves a personality that will radiate happiness and cheer. We wish you clarity of mind so that yau may see the course you should pursue, and determination of purpose so that you may continue the course that is before you.

Boys and girls of Sequoia. Boys and girls of the larger business life. It isn't all of life to live. We have obligations. A great teacher once said, "To whom much is given, of him much will be required." We are living in a fine time boys and girls, men and women. May you all **Be Strong.**

"Be strong,
We are not here to play, to dream, to drift,
We have hard work to do and loads to lift;
Shun not the struggle, face it, 'tis God's gift,
Be strong."

ANDREW GUMP vs. CALVIN COOLIDGE

ANDY GUMP is making a great campaign for the presidency. With Min, and his little old red caboose, he has visited may of the cities of the East and has passed out what the people want to hear. Andy isn't the only politician in that class.

One of the candidates for president, however, has stayed at his post in Washington and has been doing real constructive executive work, while his opponents talked. His name is Calvin Coolidge. He is a man of actions, rather than of words. He hasn't sought popularity. He has striven to give this country an efficient administration. He has dispensed with unnecessary employees whenever he could. He has made a budget for nation expenditures and he has stuck to the budget. This year, for the first time in many years, our country will go into the new year with a surplus of about $137,000,000. That's something to think about. He isn't promising people that he will put over legislation that will tie the Supreme court to his cart wheel. He isn't promising any spectacular reforms. He is working, just as he has worked ever since he became president and our country certainly is prosperous. We wish Andy Gump well, but we're for Cal. Coolidge.

A WELL-MERITED HONOR

LAST Saturday in San Francisco Mrs. Elizabeth M. Kneese, San Mateo County's genial and efficient county clerk was signally honored by being elected to the post of vice-president of the California State Central Committee of the Republican party. This is the first time in the history of the state that a woman has been elected to this high position, and the fact that Mrs. Kneese has been chosen for this responsible post is testimony of the recognition she has received in her chosen party. Mrs. Kneese has worked untiringly for the principles of the Republican party. She has always been in the forefront when the interests of its candidates are at stake, and has never shirked in the work of the campaigns.

In the primary election Mrs. Kneese, like many other Republicans, worked valiently for the candidacy of Senator Johnson, but the fact that he was defeated has not prejudiced her against the party; and now when the party is united on its one candidate, she is once more leading the fight for Republicanism in this county.

We are glad that Mrs. Kneese has received this high honor. We are glad that the Republican Party has chosen so able an officer. We have known Mrs. Kneese for several campaigns and have found that she always works to boost her candidate. She never knocks the other man. This is the kind of politics that win in the end. And we think that the confidence shown Mrs. Knese is a tribute to her clean fights and policies

BIG SEQUOIA CARNIVAL PLANNED FOR TONIGHT

Sequoia High School's second annual carnival will be held on the school campus today from four till twelve p. m. Thirty or more concessions have been planned, all of which are being handled by the different clubs and organizations.

In the refreshment line, there will be everything from peanuts and popcorn to waffles and coffee. Miss Proctor of the Domestic Science department, is personally superintending the waffles, doughnuts and coffee concessions, so they are bound to be good. Luscious French pastry, home-made candy, home-made cake and soft drinks, "hot dogs" and ice cream will satisfy the hungry guests.

Some of the amusement concessions are a "Casino," "A Trip around the world," "A Toy Shop," "The Old Oaken Bucket," "The Ring Toss," "The Zebras Eye," "Mrs. Jarley's Wax Work," "Fortune Telling," "Boxing" "Chambers of Horors," "A Marine Garden," "A Mad House," "Follies," and Dancing.

A big dance in the gymnasium from ten to twelve will conclude the evening.

The committees working on the carnival are headed by Dorothy Lyons, commissioner of enttrtainment. Robert Hoffman is handling the publicity; Nathan Graves, assited by Roland Hedge, is in charge of the lighting; Miss Boyle has general charge of the affairs and is being assisted by Mr. Underwood with publicity and Mr. Bogie with the construction of booths.

General admission to the carnival is twenty-five cents. No tickets are being sold, but as admissions are paid at the Brewster street entrance tags will be given out, entitling the wearer to admission to the carnival itself.

TELEPHONE PIONEERS OF AMERICA WILL MEET

The picturesque and romantic early history of the telephone industry in Central California will be recounted by delegates from this section at the 11th annual convention of the Telephone Pioneers of America, to be held at the Edgewater Beach hotel, in Chicago, on October 9, 10 and 11 which, according to Manager T. D. Worthington of the Pacific Telephone and Telegraph Company, in this district, will be one of the largest assemblages ever held by the organization.

The telephone, as a means of rapid communication, received immediate aid and attention from early inhabitants of California and the first telephone instruments used in San Francisco were installed in 1876, the same year in which the telephone was invented. The first telephone exchange in Redwood City was established on June 20, 1892. In 1899 it served 48 telephone stations, while the present exchange handles calls from and to 1424 telephone stations. An interesting momento of the past, one of the oldest telephone directories in existence, published in April, 1884, contains 66 pages, on which are printed the names of telephone subscribers of every town in California, which boasted the new service. Most of the comunities mentioned are located in Central California as the bulk of subscribers resided there. San Francisco, at that time, had 1,700 telephone stations in use. The delegates to the pioneers' annual convention will give accounts of the happenings, 45 years ago, when the telephone industry was in its infancy and they were young and adventuresome.

"An attractive program is being prepared," said Manager Worthington " as, on Saturday, October 11, an inspection will be made of the Western Electric Company's huge plant at Hawthorne, Ill., where telephone facilities used here are manufactured. In the evening an entertainment is to be given by the telephone people, under the auspices of Theodore N. Vail, Chapter No. 1. A. L. Salt, vice-president of the Western Electric Company and president of the Telephone Pioneers of America will preside at the convention.

The delegates from the George S. Ladd Chapter, representing this section of California are: Miss Grace Darby, San Jose; Miss Laura Maddock, San Francisco; George Van Buren, J. B. Leonard and Howard Keyser of San Francisco.

Delegates from other parts of California include: A. P. Harrison, Sacramento and J. F. Dolan, Nevada City of the John I. Sabin Chapter, No. 28; W. W. Bunton, Los Angeles and H. C. Howes, Huntington Park of Southern California Chapter No. 28.

Karnak, Sensational New Medicine, Will Be Distributed Here
Thousands Acclaim the Wonderful Restorative Power of M. Andre's Remarkable Discovery and Declare It a Boon to Suffering Humanity
HAS HAD PHENOMENAL SUCCESS
Karnak, the sensational new health-builder discovered by M. Pierre Andre, noted French chemist, which has been accomplishing such phenomenal results in the larger cities, is now being distributed to the people of this section.
"The amazing success of the preparation is nothing short of phenomenal. People everywhere flock to the drug stores to get Karnak and report benefits from its use that far surpass even their fondest hopes.
"The great reputatio of Karnak is founded on results—nothing else. People buy the medicine because of the great benefits they receive from its use. Thousands have written letters of thanks for the splendid results they get from it. A trial quickly shows that Karnak is a different and a better medicine. M. Andre gave to it distinctive characteristics which place it in a class by itself, and it is not to be confused with other medicines.
BRINGS QUICK RELIEF
Karnak is a purely vegetable medicine of remarkable purity and wonderful efficacy in the treatment of stomach and digestive troubles, weakness, nervousness, rheumatism caused by digestive trouble, sour stomach, fatigue, catarrh of the stomach, insomnia, loss of appetite, torpid liver, constipation, gassiness, auto-intoxication, dyspepsia, indigestion, mal-nutrition, a generally weak, run-down condition and a host of other symptoms and complaints not generally recognized as having their origin in stomach, abdominal and digestive derangements. As a general health-builder and strength restorative Karnak has become the sensation of the drug trade everywhere it has been introduced.
RESTORES LOST VITALITY
The action of Karnak is so natural and beneficial that it has won the name of "the master health-builder." It increases the appetite for wholesome food and helps the digestion turn this food into strengthening nourishment which builds up firm flesh and strong muscular tissue; it strengthens the organs of elimination, purifies the blood stream and builds up the whole body in tone, vigor and vitality.
MONEY BACK GUARANTEE
Karnak is sold under a strict guarantee that the first two bottles will produce beneficial results or the purchase price will be refunded without question. Both the manufacturers and the local distributors stand squarely behind this guarantee.
Karnack is sold in Redwood City by the Young Drug Co., and by the leading druggists in every town.

Good LIGHTING protects little folks eyesight
Few children are born with defective eyesight. But the number who are dependent upon eyeglasses shows that the vision of eight to fifteen in every hundred becomes defective during their youth.
One of the most common sources of injury to the eyes is poor lighting—either wrong placing of lights, or not enough of them. Lighting is good when it is just strong enough, not direct from polished surfaces. The contrast between bright and darker parts of a room should not be too great.
A *National Essay Contest* will open September 15th on the subject of *Good Home Lighting*. It is open to children of high school age or less and local and national prizes will be awarded. Get the details of this contest from your dealer or the

NEWS OF MENLO PARK

Following an illness of over a year John Moriarty, a pioneer of Menlo Park, passed away on Sunday last at his home on Santa Cruz avenue. Mr. Moriarty was born in County Kerry, Ireland, nearly eighty years ago and as a young man came to Menlo Park with his bride. For over fifty years he had resided in Menlo Park. Last year Mr. Moriarty celebrated his golden wedding. He was a hard working, industrious citizen, who bravely bore his burdens and they were at times unusually heavy. He sadly saw his large family of boys and girls dwindle to three members. Life's road was rough and rugged but he travelled bravely and on arriving at the end of the trail at twilight to lay down his burdens and enter the Valley of the Shadows, and to cross over to that undiscovered country, where he will find never-ending joy, peace and happiness. The funeral on Tuesday from the Church of the Nativity, was largely attended. Interment was in Holy Cross cemetery. He is survived by his widow and three children, Mrs. George Shine, Edward Moriarty and Miss Anne Moriarty.

Mrs. A. W. Gald and her pretty daughters entertained the members of the Companions of the Forest Club last Tuesday evening. After the game of cards, refreshments were served.

Mrs. J. E. Neuman and her family of interesting children returned from a two-years' trip abroad on Sunday last and they are occupying the attractive Neuman home in Menlo Park. Mr. Neuman, the claims agent for the Southern Pacific railroad company, will again become a commuter.

Mrs. Marshall Madson and her family, who have resided with Mrs. Madson's parents, Mr. and Mrs. P. Eyre, all sumer at Atherton, has opened her home on Clay street, San Francisco for the winter.

E. J. Schivo, one of the proprietors of the Stanford Fruit Market, has leased the Broggi cottage on Oak Grove avenue.

Plans are being made for a dance to be given October 4 by the Menlo Park Improvement Club. Mrs. Emma J. Stribling is chairman of the committee. She announces that a number of novelty features are being arranged for the affair.

Two new members were initiatde this week by the Menlo Parlor, Native Daughters of the Golden West.

The Parent-Teacher Association has launched a movement to build a natatorium for Menlo Park, the funds for which are to be raised by popular subscription. A committee from the association appeared before the Menlo Park Improvement Association last Friday night to solicit the aid of that organization and the committee was given every encouragement in the laudable enterprise. Almost every town on the peninsula has its community swimming tank. Menlo Park should not behind in the march of progress.

A Coolidge-Dawes Republican Club is about to be organized in Menlo Park with a membership of 300. The club is to take an active part in the county campaign. Coolidge will carry the county by a big majority. His majority in the state will be over 200,000 votes.

The State highway has been completed as far as the Warren school and will reach Menlo Park early next week. The highway is a splendid piece of work. It is a credit to the highway commission.

The attractive Malsbary home in the Drexler tract near Santa Cruz avenue has been sold to a wealthy San Francisco resident. A fancy figure was secured for the choice holding by Mr. and Mrs. E. L. Marlbary, who will leave shortly for a lengthy tour of Europe.

The season for shooting ducks will open on the first of the month and hunters are cleaning their guns and preparing for the onslaught. Up to date there are very few ducks on the local marshes, although within the last week there has been a flight of the birds from the north. However they will not be numerous until the first rains. The veteran hunters, Will Casey and William Carnduff hope to secure the limit on the opening day of the season.

A special train will convey those desiring to participate in the big Holy Name Society parade in San Francisco on Sunday, October 5 from Menlo Park to the Ferry building. The special will stop in all the peninsula towns to take passengers. Look for full details in this column next Saturday. It is believed fully 300 will be in line from this place. San Mateo county will be under one banner, the towns forming a separate unit in the big parade. The Redwood City brass band is to be in attendance and head the local line of march.

Mrs. M. Larrecou is spending a short vacation at Boyes Springs in Sonoma county. She is accompanied by her sister who lives in San Francisco.

Under the auspices of the Ladies Guild of Trinity Episcopal church, a dinner is given every month at 6:30 o'clock in the parish house. One hundred attended the dinner on Thursday evening. The menu was excellent and the service splendid. The roast pork and apple sauce with the trimmings would tempt the appetite of a chronic dispectic, while the apple pie, the kind our mothers used to make, was simply delicious.

The Parent-Teacher Association is planning to give moving picture shows in the auditorium of the grammar school, the proceeds to be applied to a fund to be drawn upon by the head of the school activities. The shows are to be given every Saturday evening. These pictures should be liberally patronized by parents and others. The shows are to be first class and wholesome in every respect.

The public administrator of Contra Costa county has written to citizens here asking for information concerning Joseph Wise, whom he says died in that county last June. The administrator is settling up the Wise estate and wants to know if the deceased had any holdings in this locality. Wise came here with the army and conducted a shoe shop at the camp. Later he had charge of the shoe store of the late T. A. Casey.

Robert Roos and family are occupying their pretty home at Atherton after an extended sojourn in Europe.

Mrs. B. Jackson, a prominent business woman of Sunnyvale, has purchased the Eagle restaurant in the Maloney block and will conduct a first class and modern cafe. She will be assisted in the business by her pretty and charming young daughter. Those tempting home-made pies and cakes, luscious roats and viands will lure the fastidious to the Eagle.

John Orton, who left for France some time ago, has arrived in New York and will soon reach home. Mr. Orton is an overseas vetran who participated in the batle of the Argonne and other conflicts of the World war. He viewed while in France the various battliefields, and again traversed the ground over which his regiment marched in driving the enemy from its stronghild.

John Bardenave, ex-mayor of the hustling city of Gilroy, is here on a short visit to his daughter, Mrs. Frank Maloney. He is delighted with Menlo Park and invironment. Mr. Bardenave is a pioneer resident of Santa Clara county.

CARD OF THANKS

I wish to extend my sincere appreciation to the voters of the 3rd Supervisorial district for their support at the primary election, August 26th, particularly those of Portola, Wodside and Redwood City who filed their returns in a reasonable time and gave me a splendid majority.

WOODSIDE NOTES

The Woodside Trail Club has closed the second season of its activitite. The club membership has been enlarged and a total of ninety miles of bridle paths and trails have been opened through the Woodside hills and estates Miss Elsa Schilling is president of the club and the Schilling place has been the starting point of many of the trails this season. Among the active members are Mrs. William Roth, Mrs. Daniel C. Jackling, Mrs. Atholl McBean, Mrs. N. T. Messer, Mrs. Rudolph Schilling and Miss Marjorie Josselyn.

The house hoders of this neighborhood are not banking too much upon the predictions for a dry season this year. There has been such an epidemic of roofing repairs that one would imagine that prepartions was being made to endure the wettest season on record.

William H. and Lucius Morse, who for several years have conducted the Mountain Dell Apiary here in Woodside, have closed out their business. The bees have been sold and transported to new fields of endeavor in the Santa Cruz mountains and the Morse brothers will return to their former home at San Mateo. I doubt if any other honey will ever quite so glorify the morning pancakes as did that gathered by Woodside bees from the wild flowers of our own hillsides. And many an ailing radio set in this neighborhood will miss the expert hands of Luciug Morse.

Dr. Bradford Leavitt and family departed on Friday morning for their home in Pasadena. For three months each summer they find relief from the enervating warmth of the south and a renewal of strength and energy in the Woodside climate.

The girls of the Woodside school have formed an athletic club and are seeking competition in all lines of athletic activity in which girls may participate, from base ball to bat ball.

SCIENCE PROLONGS HUMAN LIFE

Will the men and women of tomorrow be still hale and hearty after they have passed the century mark? If we may judge by the ever-increasing span of the average human life, we may safely assume that they will will.

Science explains that the normal length of all animal life is ten times the number of years required to reach maturity. This would make the average length of human life one hundred and fifty years. And with the rapid progress made in science it may be that one hundred years will be still conducting his business is not far distant.

In the extending of life's span, it is the little things that count. Minor ailments must be caught and checked, and considerable importance is attached to the matter of proper nutritution and personal hygiene. Instruction in these subjects is now given in the school room along with reading, writing and arithmetic; and in many instances schools have established clinics where youngsters receive frequent and regular physical examinations.

Clubs, health centers and similar organizations have carried this work into the home; and one of the outstanding results is the increasing use of ice as a means of food preservation. It is pointed out by authorities that ice not only prevents many forms of illness by keeping food stuffs fresh and wholesome, but likewise assures the maximum amount of nourishment from the food consumed. In cases where foodstuffs are not kept on ice, much of its nutriment is lost through bacterial action long before it exhibits the usual signs of spoiling.

Cleaning Without Odor by the
F. Thomas *Process*
Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.
With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.
Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes
